

# Making Maths Clearly OBVIOUS!

An Introduction to Numicon for  
teachers, teacher aides, tutors, LSC's and RTLB's

**Monday 22<sup>nd</sup> February 2021**  
**Rotorua Library**  
**1127 Haupapa Street, Rotorua**  
**9.30am – 3 pm**

**Presented by Numicon Consultants**  
**Margi Leech & Rochelle Price**

**The course will cover:**

- How to lift our results!
- Why some students find maths difficult
- Maths - Numicon helps us understand it
- Building confidence with Number knowledge and solving problems

**Our courses are super popular because they enable you to:**

- See and experience success right away to help your students
- Explore an easy and effective way to assess your student's learning
- Have a clear pathway for teaching and learning
- Enjoy the learning and fun games built in AND take some resources home!

**Numicon is:**

- Based on decades of research and best practice bringing instant success to all students
- About communication with self and others
- Exploration of patterns and relationships through play and hands-on activities
- Generalising and problem solving
